Mrs. Stacey Mullins, *School Counselor* TBD, *School Psychologist*

Summer 2020

Dear Parents/Guardians,

Welcome to the Weber Middle School 7th Grade Green Team. The transition from sixth to seventh grade can be a time of special concern for parents. In order to prepare, we would like to share a few ideas which we feel will help us work together to ensure the success of your child.

First, we want you to realize that you are the most important person in your child's life, and you have the ability to motivate, stimulate, and help your child succeed. We will do everything possible to work with you in creating a successful year for your child.

Two areas of concern to parents whose children are entering a new grade are behavioral expectations and homework. Both of these areas require parents and teachers to remain in close contact. In class we emphasize that the choices each student makes will bring either positive or negative consequences. We will help your children learn to make appropriate decisions and will support and praise them when they are successful. However, if we feel that there is a problem and we need your support, you can be assured that we will not hesitate to contact you. The other area of concern is homework. It is a very important part of our curriculum since it is used to ascertain what the students have learned and to springboard into subsequent lessons. We also assign homework to establish responsibility and good study habits. Students should carry a Homework Planner to record all assignments, and it will be provided by Weber Middle School.

We will do our best to help your child to learn and grow academically, personally, and socially. However, your support is vital to your child's success. You should expect him/her to put forth a quality effort and make sure your child completes the assigned homework each night. This is a crucial time to help your child learn how to balance academic obligations and social activities. Finally, contact us whenever your child experiences a problem or crisis because we may be able to provide your child with additional support.

We are confident that if we work together your child will have a great social, emotional, and academic school year. We will give our total effort each day and look forward to providing a challenging and rewarding program.

Enjoy the rest of the summer. We look forward to your child's arrival at Weber and hope to see you at our Open House on **September 9th, 2020, at 6:30PM.**

Sincerely,

The 7th Grade Green Team
